

PDA Technological, Feasibility and Environmental assessment

Cristina González, ITENE

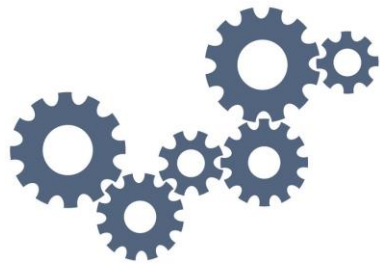

Project Development Assistance for the Circular Economy:
Learnings from the HOOP project

24 May 2023

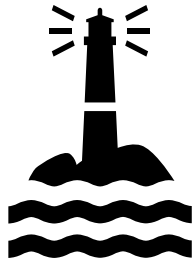

The HOOP project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N°101000836

Objective for the PDA

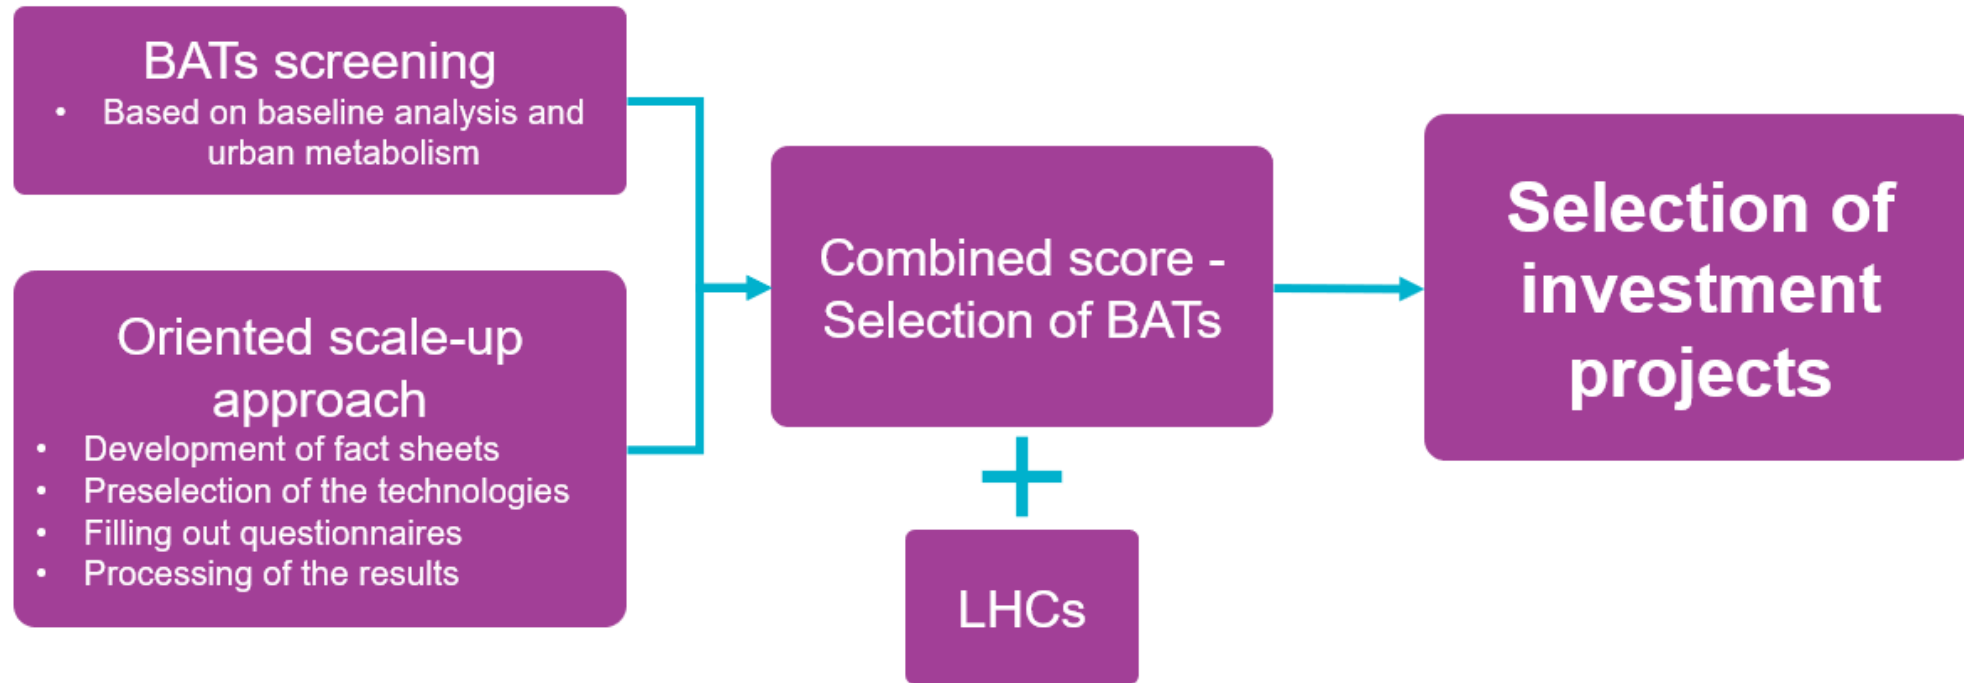

Technical
support

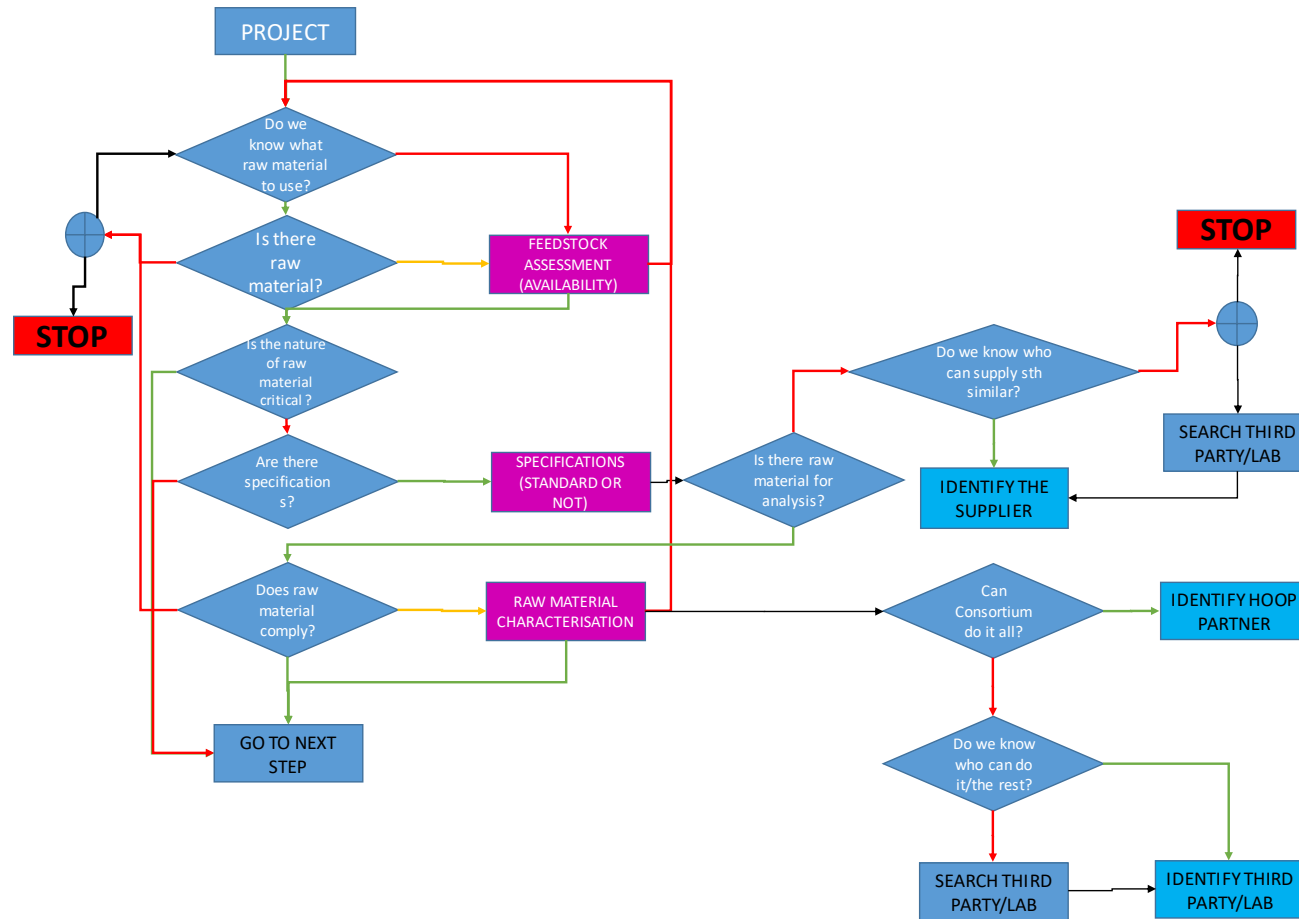

Definition
Selection
Implementation

Actions done – Methodology for BAT identification

Actions done – Selection of the studies

In progress – Development of studies

Raw material
characterisation

Techno-
economic
assessment

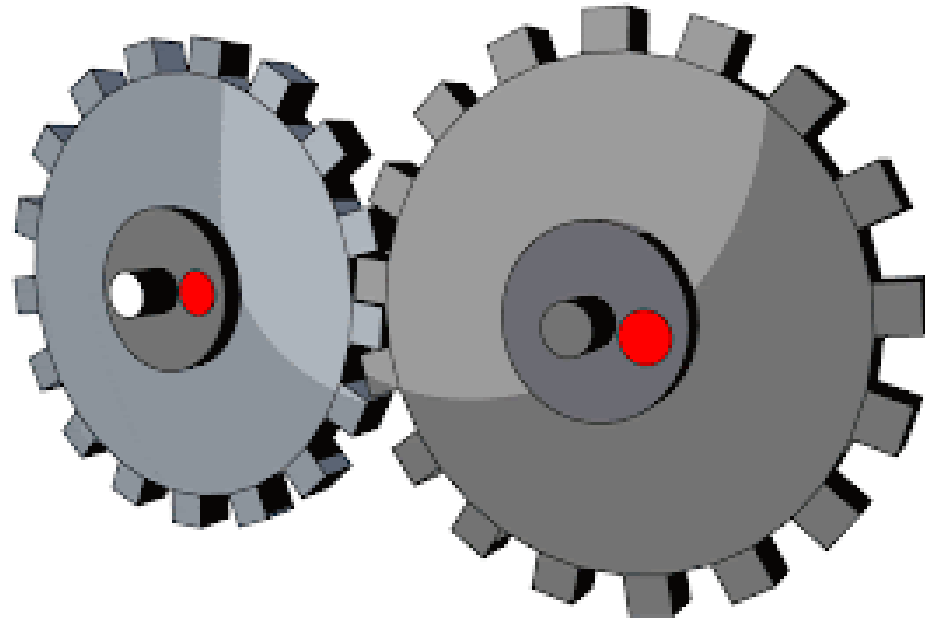

Proof of
concept

Life cycle
assessment

Bioproduct
assessment

Regulatory
assessment

Lessons learnt

THANKS FOR YOUR ATTENTION
